Excellence

Workstream 2: Role and Scope of Pharmacy

TERMS OF REFERENCE

1. Identify the gaps and emerging roles of pharmacists and pharmacy services that would add value to healthcare system.
2. Recommend strategies and action plans for the evolving care models, including:
 - a. Current and future demands of services
 - b. Policy/legislation changes
 - c. Planning of capabilities and capacities required for pharmacy to provide these services including manpower, IT, equipment, and facility requirements
3. Develop a framework for measuring the value of pharmacy services.
